From the Grape Vine:

- 1) When in doubt – Call the office, whether it be plantings, trees or whatever you want to do outdoors of your unit.
 - 2) A repeat notice to bikers and walkers to use good judgment at dusk and put safety first by donning reflective material or carry a light. Vehicle drivers cannot see images on the street that well at night. Good common sense is in the forefront of preventing an accident here.
 - 3) Ornaments, as well, are great additions to the individuality of your unit, but please make sure they are approved before taking the initiative and purchasing items for display outdoors.
- Holidays are coming along in the next months and we all take pride and admire one's handiwork, but again, check with the office about the length of time items can be displayed including special banners.
