### Notice to Residents for Cable TV Upgrade

Comcast will be sending a letter to each resident with the instructions on how each individual unit resident should schedule a time for special technical work to be done on your unit.

It will make for a smoother transition with the timing and availability necessary for accessing each home. And in the meantime, I ask everyone to be patient.

This new approach will run more systematically than when the contractor performed this task a few weeks ago. Be mindful that improvements, with scheduling by each unit owner alone, will bring about better, satisfying results. Thank you, Audrey Murphy
