### **BURNED UNIT UPDATE**

As you know 1291 S. Brandywine had a fire back in early December 2015. Due to a loss of life no one was allowed into the unit to begin any repairs for several months. As it was finally ready to be released, Lee County stepped in and created more obstacles that had to be overcome before we could even apply for building permits. All of that is in now. The latest is that the re-build will start after all permits are in place and the materials are ready to install. This could take until the middle of next month (May). In the meantime, we now have an approval to do temporary painting across the front so that it is not as noticeable. Once the project has started it should move very quickly. Thank you all for your patience. Rene Dahl

### **POOL UPDATE**

In order to begin the pool project we need to install the new door in the pump room, therefore, **The Brandywine Pool will be closed Thursday & Friday, April 14 & 15.** We plan to re-open the pool for the weekend. Then the pool will remain open until the necessary equipment has arrived. In order to leave the pool open for as long as possible we will post notice of closing the pool no less than 24 hours' in advance. Rene Dahl

### **COMCAST UPDATE**

The residents of south Brandywine Hazeltine units, in spite of the ups and downs of rewiring cable lines for 6 buildings, cooperated fully with the workers. There developed a problem in one unit on the last night; the resident called me; I called the contractor and he responded immediately by sending two technicians out after 8:00 PM. After the resident had their TV and internet working again, I returned home with a comfortable feeling. Thanks again folks, Audrey.

Found: Keys on a ring, containing a car entry one, found after the Trash & Treasure. If you have information, please let the office know.

Please DO NOT use the Drinking Fountain as an ashtray. There are receptacles for ashes you can carry and dispose at home. Thank you in advance for complying with our request so that others are not exposed.
