FROM THE NEST:
Fact to Ponder about Mitigation and Replacement of Garage Doors:

1. Investigate our wind speed rating to meet code.
2. This area is designated a Wind Speed Debris region, susceptible to 140 MPH or greater.
3. Discounts possibly given by your insurance company.
4. How garage doors are significant in the prevention of heavy damage to the building.
5. Requirements for Brandywine and submittal of plans to the office to be put on the agenda of the Building and Grounds Committee for approval. There are presently two design that have gotten approval.
